

alumina hydrate

Albany slip clay

antimony

**barium carbonate
barium sulfate**

bentonite

bone ash

borax

boric acid

cadmium oxide

calcium carbonate

china clay

chrome oxide

clay

**cobalt carbonate
cobalt oxide
cobalt sulfate**

colemanite

**copper carbonate
copper oxide
copper sulfate**

cornwall stone

crystoballite

crocus martis

cryolite

dolomite

epsom salts

feldspar

flint

fluorspar

frit

galena

gerstley borate

ilmenite

**iron oxide (black, ferrous)
iron oxide (red, ferric)**

iron chromate

kaolin

lead oxide

lepidolite

lithium carbonate

Macaloid

magnesium carbonate

magnesium sulfate

**manganese oxide
manganese dioxide
manganese carbonate**

nepheline syenite

nickel oxide (green)
nickel oxide (black)
nickel carbonate

ochre

pearl ash

plastic vitrox

potassium bichromate

potassium carbonate

praseodymium oxide

pyrophyllite

quartz

rutile

salt

silica

silicon carbide

soda ash

sodium chloride

spodumene

strontium carbonate

talc

tin oxide

titanium dioxide

umber

uranium oxide

vanadium pentoxide

whiting

wollastonite

zinc oxide

zirconium oxide
